TECHNICAL SPECIFICATIONS

- Capacity: 10-20,000 Gallon Tanks Available
- Ships From: Capable Of Supplying From 15 Different Factory Locations Across North America
- Delivery Times: Popular Stock Tanks Available From BENECOR'S Michigan Plant For Immediate Delivery

BENECOR also offers a variety of DEF Heated and Insulated Bulk Storage Tanks sizes. At BENECOR we do our own in-house foaming to ensure the best quality and most uniform application. Because DEF freezes at 12°F (-11°C), insulating and heating, when done properly, allows for the most economical and largest storing capacity for bulk DEF. Many of our DEF Bulk Tanks are available for immediate delivery.

FEATURES

- All Bulk Tanks Heating & Insulating Is Done At BENECOR'S Quality Controlled Facility
- Thermostatically Controlled Heater
- DEF Bulk Tank With Double Layer Of Weather Resistant Mastic Paint Coating
- All Piping And Conduit Are Connected To Tank Prior To Foam To Encase Them In The Foam
- BENECOR DEF Insulated Bulk Tank Paired With Cold Weather Island Dispenser & Insulated Piping Bridge
