

## BENECOR<sup>®</sup> FUEL CONTAINERIZED BULK DISPENSING & STORAGE

### BENECOR<sup>®</sup> FUEL TAINER VERSATILE TANKS

BENECOR<sup>®</sup> FuelTainer Versatile Fuel Tanks range from 3,128 Gallons (12,000L) to 18,234 Gallons (68,000L) and provide a flexible and innovative design making it the go-to bulk fuel storage solution for industry leaders across the globe. It is at home providing bulk fuel storage and transfer solutions, for various sectors and applications including the generator rental industry, construction, military and mining.

#### LARGE STATIONARY BULK REFUELING

BENECOR<sup>®</sup> FuelTainer Versatile Tanks are designed for stationary use on large scale refueling applications for the safe and secure transport and storage of various industrial and hazardous liquids worldwide.

#### UNIQUE DESIGN STANDARD

BENECOR<sup>®</sup> FuelTainer Versatile Tanks are guaranteed 110% bunded and comes with CSC, ISO, UL and ULC certifications. To support easy cleaning and maintenance the option of a completely removable inner tank is available.

#### TRANSPORTABLE

The secure lock down and twist features ensure that the BENECOR<sup>®</sup> FuelTainer range fits securely and safely onto large road trucks and shipping vessels making it suitable for easy worldwide deployment.

#### SAFETY & SECURITY

All BENECOR<sup>®</sup> FuelTainer Versatile Tank is a shipping container styled tank, which incorporates heavy duty lockable door handles and a twist and lock device, to ensure it is securely fastened during both short and long distance travel (empty shipping only).

#### DISPENSING & ACCESSIBILITY

The BENECOR<sup>®</sup> FuelTainer Versatile ISO CSC 110% bunded container tank range is extremely adoptable and dynamic. The tank can be customized with up to five flow and return steel pipes, which can accommodate the same number of diesel generators at one time. It can also be equipped with a contemporary fuel management system, acting as an independent fueling station when required.

## FEATURES

- **Safe & Easy Handling** - Forklift Pockets & Internal Baffle Plates. Standard ISO Corners to Allow Easy & Safe Handling
- **Extra Strong** - Robust Steel in Steel Construction
- **Safe Container Design** - CSC Plated - Made with Convention For Safe Container Standard
- **Customizable** - Provisions for Pumps & Bund Alarm as well as Feed & Return Connections for up to 5 Generators
- **Meets Global Environmental Regulations** - 110% Secondary Containment Capacity Meets Environmental Requirements for Fuel Storage
- **Easy Maintenance & Cleaning** - Inner Tank can be Accessed Using the Manhole for Maintenance & Cleaning
- **Space Efficient Design** - Easily Stacked 6 High When Full Using Corner Twist Locks
- **Fuel Tank Fittings** - The Tank Includes 3" Fill with Lever Ball Valve, 4 x 1" Fill Ports, 4 x 1" Port for Return Lines with Valves, 1 x 1.5" Ports for Drain - 2 x Letterbox for Hose Feed
- **Lockable Design** - Comes Complete with a Secure Lockable Compartment

## STANDARD FEATURES

- **Inspection Cover**
- **Secure Lockable Compartment**
- **Secondary Containment Capacity**
- **Sensor To Detect Fluid in Bund**
- **Lifting Eyes & Forklift Access**

## OPTIONAL ACCESSORIES

- **BENECOR FUEL Retractable Hose Reels**
- **BENECOR FUEL Dispensing Nozzles**
- **BENECOR FUEL Pumps**
- **BENECOR FUEL Flow Meters**
- **BENECOR FUEL Tank Guages**
- **BENECOR FUEL Valves**
- **BENECOR FUEL Hose & Pipe Fittings**
