

BENECOR DEF MINI-BULK DISPENSER & TANK ENCLOSURES

BENECOR DEF MINI-BULK DISPENSING SYSTEMS DELIVER THE ULTIMATE IN PROVEN DEPENDABLE OUTDOOR DEF DISPENSING AND STORAGE.

ENGINEERED FOR THE FLEET & RETAIL CUSTOMER

An original BENECOR design, we specifically engineered our rugged system to withstand the challenging environment of the Fleet and Retail customer. Because DEF freezes at 12°F (-11°C), we offer a unique Cold Weather package designed to withstand even the harshest cold weather conditions many Fleet and Retail Customers experience.

ISLAND-FRIENDLY

Our 1,000 Gallon Mini-Bulk DEF Dispensing Systems are designed to fit on a standard Fueling Island.

TURNKEY — NOTHING IS FASTER OR EASIER

Our simple turnkey **"BENECOR PLUG & PUMP"** design will have you dispensing/selling DEF fast. Just secure the system to your pre-determined site, hook-up electricity, fill with DEF and start pumping.

RELIABLE & DURABLE

Our rugged fiberglass based unit is fully tested to help ensure years of trouble-free use. Paired with the durable, high quality products you've come to expect from BENECOR, our DEF Mini-Bulk Dispensing Systems are a smart solution built to suit the DEF dispensing and storage needs of the Fleet and Retail Customer.

APPLICATION FLEXIBILITY

Your DEF dispensing and storage applications may be different than others which is why BENECOR offers our DEF Mini-Bulk Dispensing System in several different tank sizes. In fact, BENECOR offers **the largest tank size**, of comparable DEF Mini-Bulk Dispensing Systems, on the market.

SECURE

All BENECOR DEF Mini-Bulk Dispensing Systems are equipped with both a lockable side access door for security and service as well as a lockable fill box.

STANDARDS / APPROVALS

All BENECOR DEF Mini-Bulk Dispensing Systems meet the ISO 22241-3 & 4 standards for the dispensing and storage of DEF.
